Project

Mill Lane Apartments

West Hampstead

London NW6

Project Brief

In consultation with Willmott Dixon Construction, Thermotec were asked to provide a complete design and installation scheme, in compliance with the latest environmental and technological heating systems.

Scope of Works

Thermotec carried out the design, supply and installation of TPS10 Supafloor Electric underfloor heating and screed throughout all the apartments. The project was managed, installed and supervised by Thermotec, and was delivered on time and within budget.

Project Value: £7M

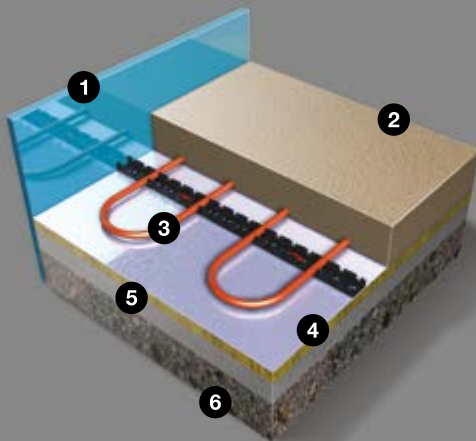

Project Details

The Mill Apartment's architecture complements the surrounding environment, with its elevated position resulting in many of the apartments benefiting from fantastic views across London. The Mill offers luxury accommodation, complemented by natural open space - highly unique in London.

2,678 m²
